

General Information

The Workshop will be conducted in a relaxed and friendly atmosphere, encouraging productive discussions. Presentations will be mainly from post-docs, PhD students and research staff. Combined and concurrent sessions will be held with papers being presented on a thematic basis. Combined sessions will include presentations from international guests and papers of interest to all hepatitis and HIV researchers.

HIV, Hepatitis and Co-infection topics will include:

Genomics, methods and diagnostic assays, immunity, microbicides, pathogenesis, persistence and latency, replication, therapies and drug resistance, vaccines and virus and host cell interactions.
