

Presentations 2011

Apolloni, Ann, Min-Hsuan Lin, Michael H. Kershaw and David Harrich. A New, Potent Transdominant Negative Tat Blocks HIV-1 Replication. ACH² Workshop June 1- 3 2011 Sunshine Coast.

Lilly Yuen, Michael Beard, Francesco Moriconi, Scott Bowden and Stephen Locarnini Development of an Online Genotypic Drug Resistance Testing and Monitoring Program for Chronic Hepatitis C: ACH² Annual Scientific Meeting, Sunshine Coast June 2011.

Min-Hsuan Lin, David Harrich. An HIV-1 Tat mutant interferes with Rev trafficking. ACH² Workshop June 1- 3 2011. Sunshine Coast.

R.A. Bull, F. Luciani, S. Pham, B. Cameron, A. Chopra, S. Gaudieri, K. McElroy, D. Cooper, A.R. Lloyd and P.A. White on behalf of the HITS investigators. 2011. Evolutionary dynamics of hepatitis C virus during very early infections: virological and immunological insights. EASL, Berlin, Germany.

Marit Kramski, Rob J. Center, Adam K. Wheatley, Grant Rawlin and Damian F.J. Purcell. Characteristics of Hyperimmune Bovine Colostrum Antibodies: Broad Binding and Neutralizing Activity Against HIV-1. ACH² meeting, Sunshine Coast, QLD, June 2011.

Marit Kramski, Rob J. Center, Carly Siebentritt, Adam K. Wheatley, Grant Rawlin and Damian F.J. Purcell. Conference on Retroviruses and Opportunistic Infections, Boston, Feb. 2011.

Marit Kramski, Rob J. Center, Carly Siebentritt, Adam K. Wheatley, Grant Rawlin and Damian F.J. Purcell. Infection and Immunity conference, Lorne, Jan. 2011.

Ranasinghe C et al. Development of vaccines to enhance HIV-specific CD8+ T cell avidity and protective immunity. *Conference abstract & oral presentation - ACH² June 2011.

Wijesundara DK, Ramshaw IA, Jackson RJ, Tcharke TC, & Ranasinghe C. IL-4R α reduction following vaccinia virus infection is a feature of vaccinia-specific effector CD8⁺ T cells. ACH² June 2011.

Haran Sivakumaran, Armando van der Horst, Alex J. Fulcher, Ann Apolloni, David A. Jans, David Harrich. Influencing the stability of HIV-1 Tat as a drug target. ACH² Workshop June 1- 3 2011 Sunshine Coast.

Trivedi S & Ranasinghe C. Elucidating the role of Interleukin-3 (IL-3) in HIV-1 prime-boost immunization. ACH² June 2011.

Ravichandran J, Jackson R & Ranasinghe C. Role of IL-17 in HIV-specific immunity: Is IL-17 involved in T cell avidity. ACH² June 2011.

Smith J. Characterisation of Interferon-lambda producing cells in HCV infection and the influence of polymorphisms on HCV clearance. ACH² Conference, June 2011, QLD.

Kylie Warren, Ting Wei, David Warrilow and David Harrich. Cellular Factors and HIV-1 Reverse Transcription. ACH² Workshop June 1- 3 2011 Sunshine Coast.
